# Our New FdC course system

**“Step up in Forró” Event**

Celebrate your evolution!

FdC members enjoy reduced prices and can join classes of their blocks in all locations!

## Fixed course blocks

Each class is very important, has been carefully prepared by the teachers and may build on previous classes. To keep up and have a lasting evolution, we want to encourage constant participation!

## FdC Levels

To improve your experiences in our classes, we designed three learning Levels **A, B, and C**. Each level has specific goals, and coming together in a certain group which is adequate to your dancing ensures the best experience for everyone.

- ✓ **Level A:** Get all your basics in two course blocks (Tareco and Mariola) with a fixed Level A curriculum!
- ✓ **Level B:** Level B has varied contents and is shaped by the different teachers, so there are always new contents coming up, which you collect in your progress stamp cards in at least two course blocks (Petrolina and Juazeiro).
- ✓ **Level C:** This level will provide new concepts to very experienced dancers. Currently only happening in Köln, but maybe soon in other locations!

### Attention:

The evolution through the levels is tied to one of the dancing roles, so you will go through the levels again if you want to participate dancing the other role.
